NEW YORK, May 24—40. Deflation of bank credit was continued in the week-ended May 18 or just prior to formation of the Young committee. Today's weekly condition statement of reporting federal reserve member banks showed a drop of \$103,000,000 in loans and investments, accurity loans being down \$27,000. 000 while "all others," including commercial accounts, were reduced \$29,000,000. The banks soid \$31,000,000 in government accurities, but added \$4,000,000 in other bonds. Brokers have little hope that the stock market would get relief from its present siege of duliness until the revenue bill was completed. Talk of a bond pool still lacks confirmation, but some bankers believe the group may later consider bond buying on an or-	
ganized basis.

State Market Report

NEW YORK, May 24—47)
(State Department of Agriculture and
Markets)
The following quotations represent prices on sales by commission merchants and other original receivers on the New York City downtown wholesale district up to 8

Supplies of apparagus from nearby gardens were in excess of trade requirements and in consequence values further slumped in a buyer's market. Jobbing sales on green asparagus were consummated from 75 to 1.50.

Big Boston lettuce and romaine prices again declined as New Jersey sharply competed against Long Island in the marketing of their crop, which was in general supply. Crates of 24 heads of lettuce from Long Island jobbed out from 1.00 to 1.50 and from New Jersey at 50 to 1.50. Romaine from both sections sold at 75-1.25, mostly around 1.00.

Low prices featured the market on homegown spinach, wholesale thansactions were

Low prices featured the market on homegrown spinach, wholesale thansactions were reported at 25.50 per bushel basket. At a late hour, however, considerable supplies remained unsold.

California chetries sold in 12 h, boxes at 1.25-2.90. The Bountiful or green, flat variety of atring beans peddled out as high as 2.00 per bushel hamper for the very finest, and as low as 25 for the rest. The way or yellow variety beans commanded from 3.00 to 10 cents.

The undertone of the market on old crop white potatoes was steady, but ruled slightly seaker on new.

Bond Review

NEW YORK, May 24 tp.—The Bond mar-ket dozed loday and, with trading vitality as a low, ebb, price changes generally were irregular and narrow. irregular and narrow.

The one firm spot in the list was occupied by the United States government group. Most of the Treasuries and Liberties took part in an early apurt, but later reacted moderately. Fractional gains, however, were retained.

While some of his second grade railway liens changed hands at small advances, other carrier bonds had a agging tendency. Among the modest gainers were Baltimore & Onio 4'ys. Chicago and Northwestern & St. Paul 3s. Missourt Facilic Sx and Frisco 4'ys.

The oils continued their firm trend, and Standard of New York 4'ys. Shell Union 3s and Texas Corp. 3s were higher.

British 3'ys were in demand, ranching another new high for the year at 103's. Colombian 5s firmed as did Austrian 7s and French 7s. Japanese government issues sgain exhibited weakness.

Disciples of "Perfect Master" Await First Words in 7 Years

Parsee Mystic Plans to Break Long Silence While on Visit to United States.

NEW YORK, May 24.—Shri Sadguru Baba is going to speak one of these days, and his disciples are sure that when he does the "Perfect Master" is

going to say a mouthful, For the Parsee mystic has been silent for seven years, they aver. When he took the vow that sealed his lips, Meher Baba declared that when he next spoke he would deliver his "message to the world."

That message may be delivered at the Harmon, N. Y., "meherashram," or retreat, of Mr. and Mrs. Malcolm Schloss, the American leaders of his movement. Or perhaps the Indian "Messiah" will not speak until he gets to California. In any event, mum's the

word until the message is ready. He even withstood the onslaught of corps of New York reporters and photographers when he arrived here the other day from Europe. He posed soundlessly before the sound-movie cameras; he grinned mutely under a barrage of questions from newspaper-

Interviewers Baffled To be sure, "The Redeemer" carried an English alphabet board, on which he nimbly spelled out various words and phrases. These, however, were laden with such profound significance that the would-be interviewers, lacking "The Savior's" "superconsciousness of the Infinite," couldn't understand

Shri Sadguru Meher Baba (literally translated, that means "Sir Perfect Master Compassion Father") is a strong as well as a silent man. He cut a fine figure in his flashy blazer, white trousers, white shoes, long hair and bushy mustache. He's a vegetarian, plays a

DEBTORS WERE TOUGH IN 2200 B. C.

CHICAGO.-Debtors back in 2200 B C. were not the cringing, abject creatures they are today. Decipherment of a tablet found recently in Assyria, by a University of Chicago expedition revealed that it was written by a debtor to his creditor, and that it contained both a receipt and a warning.

"I am returning the one-half mina of sliver I owe you, and if you again re quest payment, I have the right to kill you," went the baked-clay correspond

Decipherment of another tablet re vealed that Soviet Russia's "five-day week" was in vogue 4000 years ago among the Hittites and Assyrlans. lets was that Assyrians demanded extremely high interest on loans. Their customary rates were from 50 to 60 per cent and. In one case, the rate was fixed at 180 per cent and a bonus in

BEHOLD THE RESULT OF A PLAN

Financial independence can be planned, too

TT is not genius that makes every part of a great bridge fit snugly into place... from the first to the last girder. No more does it take genius to achieve financial independence.

Instead, both result from sound planning.

Perhaps we can help you plan successfully. We know many people who are doing it. Their experience should be valuable to you. Won't you come in and talk it over? We won't tell you that money in the bank is everything. We know it isn't. Money in the bank is but a part of any sound plan. Buying a home, insurance, education, all are important. All must be considered. But the start is made with the money in the bank. Then come the things that money buys.

We want to work with people who know where they are going financially. Not alone because their accounts are good accounts, but also because a bank is judged by the customers it has.

Come in. Talk to us. We think we can contribute enough to make it worthwhile for you.
